6 This is in response to some of the proposed edits in 03-101. JOR recommends that J3 make the
7 following edits, except as indicated.

Edits:

- 8 [253:14] Change “abstract interface” to “characteristics”.
9
10 [253:14] After “name” insert “, the argument keywords”.
11 [255:41] Insert “specific” after “explicit”.
12 [258:5] Insert a blank after the first comma.
13 [259:14] Delete “the” and “operation”.
14 [262:28,263:1] Change “in” to “declared within or inherited into” twice.
15 [294:9-12+1] **Do not** make this edit.
16 [295] **Do not** Delete the rows for ICHAR, INT, LGE, LGT, LLE, LLT, and REAL from table.
17 [340:10] **Do not** Change “variable of the same type and kind type parameters” to “real variable
18 with the same kind type parameter”.
19 [340:10-11] Change “would have” to “has” and “were” to “is”.
20 [388:13] Delete “or specifies a size of [*]”.
21 [451:32] Change “FORTRAN” to “FORTRAN”.
