Subject: Issue 266
From: Van Snyder

1 Introduction

Issue 266 points out that "polymorphic objects" are defined, but in several instances we refer at least indirectly to polymorphic entities. Polymorphism should be defined by reference to entities, not objects.

2 Edits

Edits refer to 00-007r1. Page and line numbers are displayed in the margin. Absent other instructions, a page and line number or line number range implies all of the indicated text is to be replaced by immediately following text, while a page and line number followed by + indicates that immediately following text is to be inserted after the indicated line. Remarks for the editor are noted in the margin, or appear between [and] in the text.

[Editor: Replace "objects" by "entities" and "object" by "entity".]	69:23-24
[Editor: Delete Issue 266.]	69:28-37
[Editor: Replace "objects" by "entities". Don't replace "unlimited polymorphic object" by "unlimited polymorphic entity" – I don't think we have any of the latter.]	69:42
[Editor: Replace "object" by "entity" and "objects" by "entities" throughout – several times for each.]	69:43-45
