Edits refer to 02-007r2. Page and line numbers are displayed in the margin. Absent other instructions, a page and line number or line number range implies all of the indicated text is to be replaced by associated text, while a page and line number followed by + (-) indicates that associated text is to be inserted after (before) the indicated line. Remarks are noted in the margin, or appear between [and] in the text.

45:21-23

C459 (R442) An overriding binding shall have a passed-object dummy argument if and only if the binding that it overrides has a passed-object dummy argument.

[Concerning [56:14], the Editor asks "Shall correspond to what? And by what definition? By name, position, either, both?"

The answer is "both." And item (6) is broken, too.]

[Editor: Add "by name and position" at the end.] 56:14

[Editor: "The corresponding dummy arguments" ⇒ "Dummy arguments that correspond by position".] 56:15
