Subject: Editorial comments on Section 7
From: Van Snyder

1 Edits

Edits refer to 02-007r3. Page and line numbers are displayed in the margin. Absent other instructions, a page and line number or line number range implies all of the indicated text is to be replaced by associated text, while a page and line number followed by + (-) indicates that associated text is to be inserted after (before) the indicated line. Remarks are noted in the margin, or appear between [and] in the text.

[The reference to R502 is uninformative. Editor: "R502" ⇒ "C501" (Putting a `\label` in the constraint and `\ref` for it in the text doesn't work unless you change the `\stepcounter` inside the `dcoms` macro to `\refstepcounter`; then you'll get the constraint number without a C. I don't know what this will break in 007 – I haven't done the experiments yet.)] 125:13

[Editor: "bounds-remapping-list" ⇒ "*bounds-remapping-list*".] 144:3
