These are some edits that came while processing J3/02-295r2.

Notice problem at 103:2: Inheritance associated components are not part of the derived type definition!
Proposed edit:
103:3 Delete "the derived type definition of"

Rationale:
```
CLASS(parent) :: X(10)
Not legal: X%parent(1:3)
Legal: X(1:3)%parent
```

54:13: Add scalar:
"A scalar object of..."
