This is in response to some of the proposed edits in 03-101. JOR recommends that J3 make the following edits, except as indicated.

Edits:

[253:14] Change “abstract interface” to “characteristics”.

[253:14] After “name” insert “, the argument keywords”.

[255:41] Insert “specific” after “explicit”.

[258:5] Insert a blank after the first comma.

[259:14] Delete “the” and “operation”.

[262:28,263:1] Change “in” to “declared within or inherited into” twice.

[294:9-12+1] ***Do not*** make this edit.

[295] ***Do not*** Delete the rows for ICHAR, INT, LGE, LGT, LLE, LLT, and REAL from table.

[340:10] ***Do not*** Change “variable of the same type and kind type parameters” to “real variable with the same kind type parameter”.

[340:10-11] Change “would have” to “has” and “were” to “is”.

[388:13] Delete “or specifies a size of [*]”.

[451:32] Change “F ORTRAN ” to “FORTRAN”.
