Subject: Unresolved issues 138 and 140
From: Van Snyder

1 Edits

Edits refer to 99-007r2. Page and line numbers are displayed in the margin. Absent other instructions, a page and line number or line number range implies all of the indicated text is to be replaced by immediately following text, while a page and line number followed by + indicates that immediately following text is to be inserted after the indicated line. Remarks for the editor are noted in the margin, or appear between [and] in the text.

1.1 Issue 138

[Editor: delete – covered by solution to issue 140.] 271:1-25

1.2 Issue 140

The deferred type parameters of a disassociated pointer, of a function procedure pointer, of a pointer with undefined association status, or of an allocatable variable that is not currently allocated shall not be inquired about. 104:7-8

[Editor: delete.] 104:9-18
