Subject: Withdraw request for Interpretation of rules allowing duplicate names

Paper 00-246 requested an interpretation. It now appears that improved wording would make things obvious.

[342:14]
Replace ``(12.3.2.1)'' by ``as explained in 12.3.2.1'' so as to make it clear that the exception is explained in 12.3.2.1, rather than that generic names are defined in 12.3.2.1.
