Subject: Edits for sections 16 and annexes

402:17+6 Correct the open-quote mark for 'dangling'.

411:34 Delete “name”.
[We need to cover variables that are subobjects.]

418:29-30 Move to 418:34+.

418:31-32 Move to 419:5+.

Do NOT do this edit.
420:22-23. Change 'object designator' to 'designator' and move to replace 416:24.
[See edit for 19:4 in 02-241.]
Reason: Already done in 02-241r3.
