

Subject: Editorial comments on Section 15
From: Van Snyder

1 **1 Introduction**

2 It is recommended the the description of the procedures in Section 15 in the draft standard be
3 revised. If that occurs, at least these changes are recommended.

4 **2 Edits**

5 Edits refer to 02-007r3. Page and line numbers are displayed in the margin. Absent other
6 instructions, a page and line number or line number range implies all of the indicated text is to
7 be replaced by associated text, while a page and line number followed by + (-) indicates that
8 associated text is to be inserted after (before) the indicated line. Remarks are noted in the
9 margin, or appear between [and] in the text.

10 [Editor: Make a subclause, number 15.1.2.1, out of the description of C_LOC, as we do in 382:17
11 Sections 13 and 14.]

12 [It already says “scalar” at [382:28] so it isn’t needed here. Editor: Delete “scalar”.] 383:2

13 [Editor: Make a subclause, number 15.1.2.2, out of the description of C_ASSOCIATED, as we 383:11
14 do in Sections 13 and 14.]

15 [Editor: Make a subclause, number 15.1.2.3, out of the description of C_F_POINTER, as we do 384:1
16 in Sections 13 and 14.]

17 [The space between the heading and body of Table 15.2 needs some polish. Use something like 385:17+3
18 is done in Table 15.1:]

19 \hline
20 \multicolumn{3}{|1|}{ } \[-10pt]
21 \hline
