

Subject: Trivial changes to FCD
 From: Van Snyder

1 Edits

2 Edits refer to 03-007r2. Page and line numbers are displayed in the margin. Absent other instructions, a
 3 page and line number or line number range implies all of the indicated text is to be replaced by associated
 4 text, while a page and line number followed by + (-) indicates that associated text is to be inserted after
 5 (before) the indicated line. Remarks are noted in the margin, or appear between [and] in the text.
 6 Some edits here overlap edits proposed in BSI and J3 USTAG positions. They may therefore be irrelevant.
 7 On the other hand, if those edits are not ultimately accepted, these may still be relevant.

8 Incorrect terminology

9 In many cases where the standard refers to “kind type parameter” it should refer to “kind type parameter
 10 value”. This may not be all of them, but it’s a start.

11 Insert “value” after “parameter” at the following places. The notation $x : y : 2$ means “Twice at page
 12 x , line y .”

36:15	39:3	44:3	44:11	124:20	124:21:2	124:22	124:24	124:26
124:30	124:32	124:34	124:36	124:38	124:41	124:43	124:46	300:31
300:32	302:11	302:12	303:18	303:19	307:8	307:9	307:19	307:20
308:4:2	309:18	309:19	316:29	316:30	320:6	320:7	322:4	322:5
323:3	323:4	323:23	323:24	326:3	326:4	326:23	326:24	327:4
327:5	329:28	329:29	332:2	332:3	335:7	335:8	340:12	340:13
346:5	346:7	346:8	346:10:2	346:11	346:13	348:24	348:25	351:14
351:15	352:27	352:28	358:1	358:2	359:12	359:13		

14 Insert “value” after the second instance of “parameter” at the following places.

15 36:37 37:30 39:15 40:14 42:5

16 Replace “parameters” by “parameter values” at the following places.

17 95:32 124:14 124:29 124:30 124:32 124:36 124:43

18 [Editor: Insert “the values of” before “its”.] 256:26

19 [Editor: Insert “the values of its” before “type parameters”; insert “its” before “rank”.] 257:2

20 [It appears that “It” refers to the kind type parameter value of the result; it actually refers to the result 358:2
 21 itself. Editor: “It” \Rightarrow “The result”.]

22 Other problems

23 [Editor: “which” \Rightarrow “that”.] 49:1

24 [The referenced subclauses have nothing to do with “linked.” Editor: “16.5.3, 15.3.1” \Rightarrow 16.4.1.4”.] 77:21+6

25 [The referenced subclause is about restrictions on generic declarations that avoid ambiguities. The 123:35
 26 reference should be to the subclause that applies to resolving generic references. Editor: “16.2.3” \Rightarrow
 27 “12.4.4.1”.]

28 [Number doesn’t agree. Editor: “is” \Rightarrow “are”.] 124:14

29 [Imprecise and misleading. Editor: “associated” \Rightarrow “linkage associated (16.4.1.4)”.] 403:11
