Subject: More minor stuff about allocation
From: Van Snyder

1 Edits

Edits refer to 99-007r2. Page and line numbers are displayed in the margin. Absent other instructions, a page and line number or line number range implies all of the indicated text is to be replaced by immediately following text, while a page and line number followed by + indicates that immediately following text is to be inserted after the indicated line. Remarks for the editor are noted in the margin, or appear between [and] in the text.

[Editor: Replace "when space ..." to the end of the paragraph with "by allocation or argument association."] 79:38-39

[Editor: Delete "by pointer ... (6.4.1)" because it doesn't cover argument association.] 80:4-5
