Subject: Issue 14
From: Van Snyder

1 Discussion

Issue 14 remarks that several more restrictions are needed on dummy arguments not present.

2 Edits

Edits refer to 99-007r2. Page and line numbers are displayed in the margin. Absent other instructions, a page and line number or line number range implies all of the indicated text is to be replaced by immediately following text, while a page and line number followed by + indicates that immediately following text is to be inserted after the indicated line. Remarks for the editor are noted in the margin, or appear between [and] in the text.

($1\frac{1}{2}$) It shall not be used as the *target* of a pointer assignment. 279:24+

[Editor: remove "dummy" (that's what this section is about).] 279:23

[Editor: remove "dummy" (that's what this section is about); add "or procedure pointer" after "procedure".] 279:25
